

L.P.(Like Paul)

A new day is dawning bringing with it a sense of yearning for more, a longing for more, and a calling for a deeper level of understanding. Today, many are searching for something in which to believe. Searching, for someone to answer their calling with a word that will make way for an understanding of the how and why of life. Among them, one heard and responded to his calling, setting upon a quest to reach the youth of the world with an encouraging message of hope. Experience has taught him that through perseverance, strength, and faith all is possible. Victory is within your reach so long as you reach for it. The dawning has brought a new day ushering in the Next Generation of Gospel Music through the musical talents of, **Birmingham Entertainment** artist, **LP**. Like the apostle **Paul** who went against the grain of his contemporaries to forge a path of enlightenment, The Mississippi Gulf Coast native, **LP** is spearheading a new movement to illuminate, encourage, and empower the young in spirit with a sense of purpose with his, debut release, **“Testimony”!** **LP** shares his life experiences, the challenges and the triumphs, missteps and step ups through his lyrically smooth rhymes, set against the backdrop of deep pounding base, and head bangin’ beats, blended with just the right mixture of smooth, laid back grooves to soothe any soul.

The lead single, **“I Know A Place,”** has crossed lines that have never been crossed, being played on many radio stations across the country that have never played rap before. This song makes way for high praise with its “back in the day” feeling. Set against the old school sound of the Staple Signers classic, “I’ll Take You There,” **LP** melodically tells all who hear that there’s a party going on and he knows it’s the place. One of the many highlights of the song **“I Know A Place”** is hitting the top 20 play list of **Stellar Award winning station WMBM**, in Miami, FL. His current single, “We Can’t Lose” is a hit song that will be played for many years to come. The video for **“We Can’t Lose”**, being played on **MTV, BET, THE WORD NETWORK, TBN, MUSIC CHOICE**, and 18 other markets across the country, has been considered for **the Stellar Award, Best Video of The Year**. **LP** and the featured artist **Joel**, just recently performed the hit single **“We Can’t Lose”** on the **Bobby Jones Show**. “We can’t lose, with God on our side”, is but one of **LP**’s messages to be found as he gives us his **Testimony**.

LP has made appearances at hundreds of venues, including THE 23RD ANNUAL STELLAR AWARDS, schools, festivals, conferences, churches, clubs and many other events. **LP** has shared the stage with artists like Shirley Caesar, Tye Tribbett & G. A., Smokey Norful, Micah Stampley, Israel and New Breed, David Mann a.k.a. Mr. Brown from Madea, Karen-Clark Sheard, Kierra “KiKi” Sheard, Canton Jones, Mississippi Mass Choir, LSS and Testament, Pastor Troy, Lil Irocc, Candlefuse, Plea 33, and Platinum Souls.
